## tmp.1: This is my Master

- ✂ There are many erotic topic crammed comparatively in this work.
- ✂ Story is about a beautiful girl elf-Chan of the original boy who died in youth.
- ✂ Because it is a relaxation novel, it is short and does not omit important matters.

「err, Master」

In the early afternoon, I called out to the black-haired young man sitting on the sofa across me.

He laughed as he turns.

「Hmm, What Sora?」

To be frank, I have a lot of things I want to say to this person, but it is only this that I want to say now.

「These housemaid clothes, but the hem is really short .....」

He did not answer. I who put on housemaid clothes with a fluttering and pretty miniskirt was quietly held and brought to the sofa.

His name is “Kisaragi Akiyo” , When in high school in Japan was hit by a truck, The youth got a cheat ability from an old man who called himself GOD and came to this world.

The person himself who were not quite popular, I think that I was popular with quite cool features as I see it for Japanese because taking care of someone is good.

I who encountered 『Tensei Sora (TN: the natural heavens) 』, was a high school student in Japan.

The person who did not have any relation with me has leaped to his death in front of the truck and crashed against it, and, GU SHA, I think that I died.

There is absentmindedness, yet a person has a memory for itself which is looking up to someone.

When noticing, God didn't appear and I was a young elf girl without a cheat, and fell down in the forest.

When I was strolling, in that place, I was caught by a slave trader, and, I was displayed as goods. Even if I insisted that I was a man dā , a human being dāto, the answer was a whip, I had to use a thoroughly polite language and tone in order to at least defend myself, I don't like being in pain.

I knew afterwards, that the merchants seemed to misunderstand me with a half human or with a goblin because of my sharp ears; I have been bought for a

Master who had come to the slave trade as “To do the thing which should be done first if a cheat main character saves money.”

Oh, My body is of a Blond, Blue eyed elf girl, with his self-introduction i understood that he is certainly a Japanese at first glance, as if saying:「the contents are Japanese!」, It was also effective that I appealed to him a lot.

I thought that the same Japanese is better, Rather than being bought to an old pervert man who i don`t know.

You know, since i learned in most of the web novels with a cheat Japanese MC, when he buys the slaves with ulterior motive, he always treats them well without laying a hand on them and i was betting on it.

The master was an elf lover since it is popular in Japan, The elves of this world seems to become extinct from over-hunting for nobles because of their beauty and they are very scarce.

I who was introduced as a half demon of the forest at the merchant’s office for sale as a slave, even though i am dirty because of the 【race: Elf】, i am very desirable and popular to be acquired.

The slave trader pretends desperately not to know that i am an elf, while bringing me to be bought.

According to every discussion, masters mostly buy slaves with lolita appearance, but in the case of an elf, the cost is the same for building a castle, by hearing that a chill runs down my spine.

By the way my price was three gold coins.

It is the same as 300,000 Japanese yen.

Even a cheat will hit a toad to give that much..... (TN: maybe it is an idiom?!)

In any case to deal with that out of hand elf love to go that far, like a partner who can have a good old talk in the same Japanese, I would not do anything excessive, but on the other hand to expect a better treatment, i did not stop smiling.

Actually you also can correct a scar of the whip beautifully by magic, you could also have a full stomach of meal every day, and it will be a happy every day to day life.

Even if I say so, it's still the first week.

One day, Master sneakily brought a maid outfit with cute design for me to try.

frankly, i resisted but i had no place to do so, If it is just as cosplay for this much, It would be agreeable to wear it, but the hem shorter than i thought ..... The whites would be seen if i move slightly, the thing that i have objection is this condition, the most.

「Err, Master? 」

「Did you like it? Before long ..... i wonder if the preparations are ready. But that is...」

What to do now? , for the time being i want you to stop touching my thigh.

「na, what? 」

So as not to escape while he asked, he put his hand around my waist and my neck, there is a huge difference in strength, it is so scary and i almost cried.

「I bought SORA with the intention of the sex slave for the time being」

「.....」

It is dangerous, To be honest, i guessed it would be dangerous just as he embraced me, the complication of sex change or change in heart among other things are not something to get over with! the face is that those impatient people who rush the process to get to the result will be hated, It is unbecoming of this kind of cheat MC/hero.

My virtue will be pierced with the pride of this small man if it continues.

So, i must prevent it.

「go, goshujinsama! Ano (TN:that), ano, still , is bright!」

「It'll be night soon.」

what a persistent pervert son of a bitch?!, either way it is hard to go, Check the word consideration in the dictionary and highlight it with a marker firmly, and while you are at it, i want to escape!

「 And something, Sora, you know? I like Elves very much even though they are exiled, every day with Such a lovely smile and innocence, defenseless To be touched , Rather than enduring it for a week, Isn't it better to admire it? 」

Trying to flatter and smile to get a better impression back fired.....! ttehiii ! ? Something stiff, something stiff hit me in the ass!! It's a pinch, I am in a desperate situation, and it's a crisis.

Should I use the last resort early?

「Oh, that is.」

「Hmm? 」

My secret... which i was scared to be let go and has hidden it through up to now, that i am Japanese like him who died in previous life and turned into an elf and caught by a slave dealer.

It is bad that he thinks I a ordinary girl, even so I was afraid to go back to slavery, So I do not know whether to fit in with anyone if i go out now.

「ji, In fact I ... am a man, though i look like this now.」

「whaat?」

It is a little awkward because it is after a long time that i used man`s tone (TN: I in Japanese is different for man/woman), I think I should keep practicing regularly.

He should stop his aggressiveness with this, maybe he will become more distant, but it`s better that way than this.

If he is going to sell me, I`ll cry, kneel down on the ground and appeal to his feelings.

「I deceived you, and i feel bad, because i was afraid that would be sent back to that hell. Also, to embrace a former man, wouldn`t you feel sick?」

「.....」

He didn`t show any reaction, This can go either Funyaaa! ?

「You uuu!？」

There, suddenly, my ear! Aaaaa no good, Do not do that, Do not bite, I'm sensitive I have gathered nerve Hyiii! ?

「i wonder if that`s true .....,

To be honest, I do not know the appearance of Sora from before or,

i only see a beautiful girl with a man`s tone right now.」

Hieee, Please stop breathing in my ear, It is ticklish, uuuuu, Why, why? Do you say, even my ultimate weapon does not work! ?

「In addition, I am a man not a child....

I take my time when playing with my favorite kind of girl, it would be fun, isn't it?」

「 」

it, It is seriously useless with this guy, There is no chance in this case, Also i have a feeling that i can't win in wits and physical strength and wealth, I am stripped from the intension of getting out of it...., Is that checkmate?

「Now, go to bed.」

「Wow Oh Aaaaaan !! Pedophile pervert devil hentaiii yooooooooo!」

In that way, I because of the body I cannot be in love until the heart can also be to love eeeee! !

## tmp.2 secrets of the chambers

soon, two weeks has passed since i came to the master`s place.

The master seems to be dealing with a large amount of work for the time being.

To make an identification card the other day, I covered my face with a robe and went to the guild together, I was very cautious when the onee-san at the reception was looking at me, I think that I set a flag because of that.

I am afraid, if master notices with the identification system that I 「does not like men」and he kick me out.

It is nothing new to say that I seem to have been bought from a terrible person.

The reason that my face was hidden, because it is dangerous if it`s exposed that I am an Elf.

someone else`s slave can`t be bought or sold, it should be like that, but I think there are people who want things by all means in the world.

Oh, though I think that the value falls because it is used goods.

A HA....., HAA.

「I want to eat sweets ... ...」

Recently, I'm starved for sweets, there are also a lot of sweet stuff in this world, the best that the common people could get was honey, nodesu.

personally I prefer creamy stuff, however to be honest, honey is wonderful too, nodesu.

But I want it; if I say that I want it, I can almost expect what he might do because he is an abnormal brute Lolita complex master.

I am determined, but I cannot afford to go ahead with what this guy desires.

I have to protect myself against the savagery emancipated from shackles of power, nodesu.

to do this is like digging my own grave.

However, till now through various circumstances my basic work is house-sitting, there are no entertainments at all.

To do something to forget about sweets, the best way is to hang out not only just on the couch and also on carpet too, nodesu.

Oh, It is absolutely impossible lying in a bed, It's useless there, It's a danger zone.

When I dozed off and slept and woke up, It was too late ... ... The tragedy must never be repeated, nodesu.

..... I seriously think he should get a serious injury in groin once.

such a savage demon.

As for master, today he went for extermination of a variant called goblin in the forest.

I am sure that there is an unexpected monster, and he will be busy with raising his flag for the female adventurers accompanying him, and i think he will not come back today.

Get hurt moderately, I will be thankful if he cannot move for a while ..... because I will be in trouble if he dies, I will pray for him not dying.

Nevertheless, leisure time, nodesu.

It's inevitable, let's search the entire house.

Master could buy a slave with his wealth that got from adventuring just in three months, as expected of such a cheat, and have an isolated 2 story house with garden in the suburbs.

I take a honey and flower cupcake out of the refrigerator created by cheat's magic which is installed in the basement that has a secret passage through kitchen which I was taught in secret on the next day that came in a house.

It's a slightly sweet snack.

Because I sometimes hide like this, I cannot despise it.

..... Still, I thought whenever I came, it is narrow here in the basement which is very small compared to the house.

It's said that they put the refrigerator here so that they don't want to go to it so much, surprisingly, it feels small unnaturally, nodesu.

Thinking that I want a bigger hiding place, I put my ear on the wall and tap it with my hand.

..... Oh, Is it the sign that seems to be very deep? it doesn't sound that the wall is very thin, but it seems by the sound that there is clearly a space on the other side.

Interesting.

Well, Because I went down the stairs diagonally towards the living room from the kitchen if I went with the layout ... .. Will it be this side of the living room now? And the direction with the wall ... .. Is it master's bedroom?

Interesting, interesting.

What did he hide, nodeshouka.

I say that curiosity killed the cat, but there are no entertainments really.

In fact, leisure kills an elf's spirit.

I who found time to kill, quickly eat up the cupcake and go to master's bedroom.

There is a very comfortable soft and fluffy imposing king size bed in the bedroom of master, also known as the room of the selfish familiar stranger.

Well, I have a room too, there are no beds only a sofa, because it has been removed one week ago.

I'm sleeping in the Master's room all the time after that.

..... Well, please guess.

By the way, I begin cleaning many times and, there should not be any

questionable parts but ..... let me see.

When it comes to this, I will check the place where I do not usually touch, or rather possibly the closet, desu.

Because when I put the laundry, I touch the clothing chest for the everyday wear and touch the others at the time of cleaning.

There is only one doubtful place about here where you're saying "Don't touch." about it, nodesu.

fufufu, I may have a way for counterattack if get his weakness.

Today is the time for revolt, nodesu.

Open the door!

..... Well, was it a common closet?

This is a little disappointing feeling, well? i feel a subtle wind in here, Is there possibly a door behind the clothes, and .... oh, there really is a door?!

When the door which was in the inside of the closet was opened, stairs which lead to underground appeared.

With more and more suspicious signs.

It goes down, and I'm going on stairs one after another after using a magic light to see better.

I can use this magic too, being an elf is not just for show.

Under the stairs where I got off *gulping*, what and, a solid door was waiting.

It seems to be locked nodesu, I have no talent in attack magic, but I am very skillful with unlocking or trap cancellation magic, I am very proud with the magic of cheap tricks, nodesuyo! Because it was evident after master bought me that I

would be no situation that I needed to use attack magic, nodesuga.

Anyway! Master's secret becomes clear at last, and the time has come to rise from domination nodesu, i will make fun of him relentlessly as revenge if i find a porn book, nodesuyooooo.

Well, the lock came off, OPUN ZADOÃ desu!

.....o

err, I decided that I didn't see it.

I close the door quietly and go upstairs by fast strides.

Dangerous desu, that room is MAJIYABA (TN: I don't know either).

kou、how should I put it, It was brimming with punishment atmosphere, or perhaps I should say a Style of teaching for making you open all the way.

that damned demon, I didn't expect that savage was this much an extreme sadist, I was over come with revenge and I mistakenly forgot the difference in power.

This is completely hopeless, let's forget about everything and keep quiet.

He is very kind nodesu.

Turning off the light, closing the door of the inner part of the closet, closing the closet's door.

When forgetting everything with this, there would be nothing.

It was dangerous.

「This house was used by a noble as his villa before」

「Was it so? 」

fumufumu, I see. There were such strange devices with that, wasn't there?

It would seem the noble was a huge pervert.

master is excellent shoubudesu.

「Shutting a slave which is bought in there, and doing those things will be a terrible thing, don't you think? 」

「That is a terrible thing, nodesune」

「maa, this property was cheap and obtainable for a reason. Though I had a little trouble in exorcism」

Even if I could not call it a mansion, the reason why master could have a house of this scale on the moderate land of a big town was this.

Convinced desu.

「People should be able to sleep peacefully, too ... ...」

「that is right」

Because it is the work of the possessor of cheat, nothing will surely remain, So I am not scared.

I, Mr. victims, can sleep with a peaceful heart, and I prayed quietly, nodeshita.

「By the way, master」

「Hmm? 」

「When did you return? 」

「 just now, there was mistake at the guild, and the departure became tomorrow. 」

I'll be darned, such a thing happening In the guild, a little surprising desune.

「I see, the people at the guild are careless, too」

「indeed, give me a break」

「「ahahaha」」

## tmp.3 Beware of GachaGacha

Around night the next day, when I fell asleep to heal the damage received by violence of the brute lolicon, after master who went to beat a mutant goblin, hunts a Pterosaur (tn: winged dragon), and raise his rank, when he finished, he brought back my guild card.

I don't know why.

It is really baffling that how a novice purveyance (tn: worker of an official) can take down a goblin, while an upper grade adventurer can defeat a pterosaur dragging a lever in solo.

Moreover, I had to travel together with a cheeky magician little girl which was accompanying us like a glove.

Yo , cheat bastard.

By the way, the blockhead master seems to be a thickheaded one, after he recognized that it was so close to each other he looked the other way.

『well, coming to my rescue without my call for help, so, but, i really appreciate it 』

「It seems to be ....., Real tsundere is annoying」

while saying, smiled wryly, because of this savage`s manner, my back froze, soudesu.

well then, if you see a mysterious creature and hear it is a real life TS reincarnated loli elf, I may be almost pushed down.

what is a real tsundere good for here, I doubt it will change my condition for being used?

Everything is ok when it`s a cutie, because it`s strange to evade a TSUNDERE and if everything isn`t ok, I should try evading.

uumu, Research is required.

After Master got a suitable lady, I`d like to take a safe housekeeper position, so such effort is vital.

I asserted, but I`m not interested in men, so it is for a gentle future.

Well, master who were hugged casually on that day, and only slept while fiddling with his fingers over in the air till morning, I wonder if he whether still has not resign as a human being so as to attack a girl in bed.

By the way, I wasn`t able to sleep form fear very much, deshita.

If it was a present-day Japan and complained, I think you would be able to gain a compensation with about 7 digits easily, where is the lawyer of the human rights?

「What are you doing? 」

There is the lack of sleep, and I behaved myself for a while too, but the way of master who looks at midair and moves a finger that nothing is with devotion was also the..... that was too much, and I was worried to aggravate that brute but i was sick of it at last, so i called out.

「If the rank of an adventurer rises, the new functions increase. 」

And he points, I don't have a cheat, so unfortunately I can see nothing.

when you are at the same age in the same town, you understand the outline of circumstances, nodesuga, but when you are an outsider with no similarities you don't understand, and its painful don't you think, desuyo? what a disappointing good looking guy? pugera.

「Recently Sora has become bold, I'm happy, it seems bullying was effective. 」

humph, I will not yield to violence and threat, nodesu.

My will and heart are only mine, with whatever kind of means it's done nodesu, a faker is broken by a savage guy, and that isn't precocious! So please pardon me by kneeling down on the ground.

「ahaha, the new function ... .. Oh, it seems to be a GachaGacha and, when I put in a fixed price i will get some kind of items or skills in random 」

You have got a system that incites a passion for gambling, but it is terrible if you can't get rid of a dangerous skill, deshuka.

But is the price it needs is in fact money as expected, desu? It costs a lot of money fairly, sodesu.

「Because it's special, shall I try a little now, I think that a party member can challenge it , too 」

「Well, yes」

Uun, the way he said it my instincts say that it would be me, nodeshouka.  
that would be difficult, desune.

It is wonderful that that some instincts even small was left, nodesuga.

No, I recently came to master and he broke my heart seriously, and it was cruel, nodesuyo.

「The price is this」

Suddenly master took out a medal from thin air, there was a balance was written with Tsubasa (tn: wing) that shined palely on it.

get out of where, the heck..... is that the item box of the cheat.

When a certain monster is killed, it seems to rarely drop a medal.

one medal can only turn to a GachaGacha just for once, for five that we have in stock, i get to do it twice.

Indeed, master is generous desu.

hmm, if possible I want a skill for social upheaval here desu.

naturally other than the night relations, other than the night relations.

It's very important desu, I don't wish for such a thing.

「alright, looks good with this」

When master who was probably twiddling with the menu window or something raises a cry, a noise is made with POFUN on the bed, and a golden machine (don't know the name) has come out.

There is a place where a medal is put in and a handle to make it turn.

「SORA may turn it first. 」

「Yes! 」

Then I will do it without hesitation.

The key to victory is in this hand! When I put the medal which I got, in and turned the handle vigorously, it made a smart sound *Gachiri*, and a ball of light rolled out and appeared.

a semitransparent window appears when i touch it and the acquired item is indicated.

I seem to see the thing which appeared in such a form besides the person himself, desu.

well well, the contents in question is.

【Skill acquisition

『charm』passive

It strengthens favorable feelings such as love or friendship that another person has towards the maintainer.

In addition, a gesture and the behavior of the maintainer come to be received for another person slightly favorably.】

「Why?!!」

when I slap the window with the pillow, the window vanished and it hit the wall.

.....e, should I touch it? If you leave it alone it will melt away desuga, I think it is a bug, right?

「It is a perfect fit for Sora」

「not at all desu, I am not happy desu!!」

This skill isn't good; I have bad feeling.

What is going on but I feel somewhat an invisible malic, nodesuka!

An unpleasant hunch from the beginning, nodesuga, if I pull it next, I surely expect that it will be a good one next.

It is somewhat like the state of mind of a gambler toward its ruin desu.

When I put a medal in and turned the handle, a ball of the light rolled out again and as i touched it, a window opened.

gulping.....

【skill acquisition

『Angel`s intimidation/pretty kiss』passive restores the stamina and magic of a partner by giving a kiss.

While body contact is necessary, invocation is possible without compensation, and the effect grows bigger as that time is longer.】

「ugaaaaaa!!」

When I grabbed at the window and beat it against the wall, it made a sweet sound with kashaan and shattered. then it could be grasped! Has it broken? Oh,

oh, I'll leave that.

let's leave it aside too!

what two skills, nodesuka! From the neighboring disappointing good-looking man who is smiling I get a smile full of malice, and I feel the urge to kill!!

「the next is my turn」

The master has begun to turn gacha disregarding me who was sunk in disappointment.

Master should get an unexpected miss item and skill and suffer, when doing that, the lower class dominating the upper class is also possible.

It's a basis to touch on the sore spot of a partner, desu.

「.....O」

The ball of light came out and fell in master's hand and with a bright red flame came out, then an excessively KAKKOII (tn: cool) long sword appeared.

The window appears, too.

I seem to see it as well as the person himself, desu.

【item acquisition

『Levantin』long sword/rank A

a cursed sword which carry the power of fire, it heats up when magical power is put in, to be clad in flames.

The sword's body which becomes red-hot can cut even a huge rock like butter.】

「What is this difference?!」

A weapon is pulled out in the first shot desuka, bull's-eye, what, what, Lucky CHITO (TN: cheat) desuka, Lucky CHITO desune! All cheats are bad, this cheat fellow! Master turns the Gachagacha silently despite me who curses him at heart.

【skill acquisition

『natural sword ability』passive

The ability to handle a sword is raised, and enhances growth power.

normal to perform top-notch, Talent to be able to aim at super first rank if made an effort.】

「uwaaaaan!?!」

Why a strong skill is pulled out so casually, this brute Lolita complex motherfu\*\*er fellow.

It will be an insinuation for me or feels like gradually i may be angry soon.

「next is the last」

「u, ugugugu, as expected desu,

success so far i expect it will be over turned in a grand unexpected twist, nodesu, The skill by which this pervert brute fellow falls in depth of despair comes, and my time starts nodesu...」

「pervert brute fellow....」

When the last one is put in, it makes a brisk noise with GACHARI again, and a ball of light falls out.

let me see, which skill, desune.

what the heck did he pull?

【skill acquisition

『Stud』passive

I pushed the door open with every last effort single-mindedly and wanted to jumpe out of the room.

### tmp.4 A cat eared comes

I decided.

To tell this thought that I hid in my chest quietly, to master.

I straitened my back and sat down on the sofa and looked at master beside me.

「Master, you see .....」

Taking the opportunity to make a better impact on him, I used a knockout posture of upturned eyes, I cling to master's chest and with a moist eyes move closer to master's face.

the effect is outstanding, if I see the state that I am now I might falter desune, I should overcome and press on.

「I have a favor to ask, desu. 」

「A, Aa, what? Say it」

I have to be clever in order to convince master desu, he would not likely

disagree, deshou.

I talked to him with my sweetest voice possible, while moistening my eyes.

「I would like ... .. Please buy a new slave! 」

It's been three days since the nightmare of GachaGacha, I hold out, I preserved exceedingly.

however, I will be at my limit soon.

How long will it take to be at my limit, when I was hardly able to move from the bed for these three days?

I am in such a state, that I can't walk strait with my sore loins, desu.

As I moved and arrived at the sofa, it so painful that I was moved to tears.

If it goes on like this, I will greet death on his stomach not so long in future.

It isn't a joke, a serious situation desu.

I think that the method to solve this is to get him a new woman, to buy a new woman slave desuga, because It is difficult to get him a woman with his character deshou.

On the other hand, the standard in this society of medieval time is to go to a brothel, desu.

but, the sexually transmitted diseases are frightening.

If it was with the developed modern medicine of earth, STD was not that terrifying, but it is not an over-exaggeration here desu.

The method without problems in the future will be to have him purchase a new slave after all, and do it immediately, most quickly.

If master comes to enjoy the new slave, the burden on me will lessen, and it is most wonderful nodesuyo.

So it was proposed resolutely, nodeshita.

「A slave ... what for? 」

oh, as far as the behavior should go, i should be in a bad mood ..... to be so eager to be in a harem desune.

「If it goes on like this, my body won't last, I seriously will die desu. 」

However, it is dangerous if my delicate zone breaks nodesu.

I can't just pull; the mood will worsen easily.

This brutal person doesn't understand the terror of the stud skill properly nodesuyo.

Everyone recognizes it so casually, but that's really dangerous one, nodesu.

it's written and read, and where it's inexhaustible like a letter, nodesu, If I think it has ended finally, the next was already waited for me, I can't just be on the losing side and see my Requiem time be stolen, desu.

「Mmm ... .. I intend to be considerably gentle ... .. Is it tough?」

「Where is that, desuka! That you're gentle, please check the meaning of the word accurately with a dictionary!」

It won't stop until I cry, yell, apologize and lose consciousness every day and

each day, this brute man! Also I am at the verge of mental and physical fatigue desu.

If my body will be alright, my mind will go crazy, desu.

The Elves are frail and they need attention nodesu, they are weak with EROFU, nodesuyo, with EROFU (TN: ero stuff)

「Oh, that would be trouble if Sora dies .....

If it's good with you, I will go to the slave dealer a little later」

「Please, truly please」

With reluctance, He doesn't seem too enthusiastic about it when I said it, but he consented, it's relief for now, nodesu.

Oh, good .....

「you are the first slave of Shuya」

Master went to the slave trader around noon, he brought back a cat eared who was a newcomer slave nodesuga, the moment when master got the cat eared home and went out to buy necessary miscellaneous goods, she looked down at me with cold eyes and has begun to take this attitude, nodesu.

Her age is around 15 years, the color of her hair and ear and tail are dark brown, and her eyes are green, with a beautiful and cute looks, and a considerable fighting power on her chest, desu.

with one and half head taller than me desune, and half a head lower than master desuga.

..... i didn't calculate it like that.

when it was together with master she was rather cowering, she was like an obedient child but it was just acting, this cat eared hid her true self well, nodesu.

Don't laugh.

Every night, every night, Master who is a pervert brute, toys with my immature body desuga. Although in public he is a rich good looking guy and also a promising adventurer.

His name seems to become well known in the city, she seems to come from the number one slave trader Gamagaeru, too. As I think that I could become a slave for an aristocrat's daughter, i sigh, what a good dream, desu.

The common people's level, is something that is far beyond my reaches.

As far as nobility goes, i am stuck with an almost lower class one.

「I think that you exerted yourself a lot by such a shabby body. I will receive the affection from today! 」

I need to be silent while she looks at me so that she thinks that she won, she swings her chest in response to her declaration, desu.

This woman is scary, desu.

but I am not upset.

Please have that by all means.

I am good as long as I don't starve to death desu.

If she is this confidence, it will be alright to leave the night care to her.

Firstly, it is necessary that I set up precautions so that I won't be thrown away for the time being, but leave the most difficult part for her nodesu.

No, the civilization level of this world is at the early stages from the latter medieval period nodesuyo.

While, this house has an air conditioning and a refrigerator.

Master also has a good income desu.

It isn't luxurious according to the public, but as I said some time ago i get to eat fine dishes every day.

If i am thrown out into this world now, and returned to being a slave, I can't live physically and mentally.

Feeding such an insignificant elf with malice smile nodesu .....

Then, I will entrust today's all-night attendance with her for now.

Master is a pervert brutal person, but he isn't a bad person, and with [affectionate] pretense which is fatal nodesu.

I will not make her worry.

She may be summoned for quite a long time, but she'd attract men more than my shabby body desu.

Master will request her more than me soon, it will be as planned nodesu.

Because i am a boy at heart, I am reluctant to be the night partner.

Because there is a great difference, between becoming used to it and giving up desu.

So it's really expected of her effort nodesu, I should kick back and relax!

「Please do your best! Keep it up! 」

「Huh? Oh, yes, I do my best! Even if you didn't say i would do my best! 」

Eh, huh? was it ... my imagination?

「I love both of you, such eye candies」

「fufufu」

「.....」

Master came home early in the evening and bought the miscellaneous goods and clothes for her (Her name is Ruru {TN: or LuLu}).

What a harassment to buy her a housemaid clothes with matching design.

He makes a face like comparing the chest size, Is it a strategy to diminishes me?

But because unfortunately I am a man, my personality will not receive any damage with such methods nodesu.

It won't affect me even if there was the outrageous cat eared breast shaking on the side nodesu.

son-of-a-bitch.

While cleaning ourselves with hot water, Ruru stared at my chest with a triumphant look on her face, after she threw some abusive words at me, I knocked on the master's door with delicate and trembling voice, I half shook off the hand which was going to grab me forcibly, today I declared that it should be just her, my duty is complete by cleaning and making dinner and housework

desu.

I worked well.

By the way, I intended to sleep, but there is no bed in my room ..... no helping it, i have to sleep on the sofa in the room.

That's also soft to some degree just in case, desu.

I feel like i can sleep more peacefully just by thinking that there is no wild beast beside me.

sleeping alone ... after a long time..., well today is a good day and tomorrow will be peaceful.

Good night!

「funyaaaaaaaaa!? nya、nyaaan!! ta、tashu、tashuketeeee!!」 (TN: save me)

..... Umm, what are you doing, uh, pervert brute fellow?

It should be that child`s first time.

I get up in a hurry and jump into master`s bedroom.

It was Probably around two hours ago ..... that Lulu entered the bedroom?

I feel sick from hearing those energetic voices that resound in the bedroom, so i open the bedroom door.

「what is that voice desu! Are you alright? 」

「Whoaa!? is, is that Sora 」

— — there, Ruru was in a condition that i am not able to express, with tears in

her eyes, i jumped in to save her.

She stretches out a shaking hand to me slowly.

「ta、tashu、kete」 (TN: save me)

Well ... Honestly, you were full of confidence and i wanted you to do your best a while longer, nodesu.

Her figure is like mine in the past desu, a figure that no one has helped at the time nodesu.

As expected it`s heartbreaking to abandon her.

If It goes on like this, she`d be broken certainly at the end.

Ah! I wanted a strength of the heart which can abandon others desu.

「how should I put it, I didn`t know Sora had such feelings」

I`m not raising such a voice!
